Minutes of 28 April 2021 Site Visit

Kiser & Kiser Sunrise 1

Members present: Fred Ashmore, Antonio Blasi, Nick Branca, Scott Dyer, Lee Fairbanks, Don Parker, Katie Small

Others present: Jim Kiser

Site visit began at 5:00 PM

The group walked the length of the subdivision road. Some parts of the road still need to be straightened, the last approximately 1/4<sup>th</sup> of the road only cleared and has down trees etc piled along the edges. Significant clearing has been accomplished in most lots. It is expected that the road will be completely finished by the end of the summer. All concerns were satisfactorily addressed.

Visit ended at 5:35 PM
