Long Term Goals for HRC

- Possibly asking the school if we could build a shed connected on the outside of the gym to store cheering mats in so we don't use up a lot of space inside the school. Estimated at approx. \$8,000 pending if it needs to be heated inside the room.
- New sporting equipment
 - Jerseys
 - Soccer balls
 - Uniforms for cheering
- Field maintenance for the school

Nominations

- The Chair will be an open spot on the HRC
- We will be doing all nominations at our April meeting and will be doing the voting in May. June is when the start of the people in the new positions.

Ideas for more volunteers on the Rec committee

- Express to the public that they do not have to commit to every event. They are welcome to sign up and just volunteer for however many or less events they would like.
- Sign on benefits you get for becoming a member.
