

## Comprehensive Plan Committee Meeting Minutes

Town of Hancock

April 3, 2025

In attendance: Doug Kimmel, Mary Turner, Ant Blasi, Ruth Franzius, Renee Duncan, Brett Ciccotelli

The committee reviewed survey results in google form summary.

Discussed the need to connect with more school center residents/families. Suggested a session at the school focusing on general or specific education and public services topics. Doug will check in with the school to see about a quick moment to speak at a PTO meeting and then a visioning session at the school on a different date.

Could this piggyback onto another school event or community meeting?

Proposed structure of this session:

Provide Brief explanation of what Comprehensive Plan is and process

Potential breakout tables focusing on:

- Housing
- Recreation
- Town Services
- Land Use

We'll generate an email list from the survey response questions—we'll let those folks know about the visioning session and upcoming meeting dates.

Request to revisit committee membership as some members have not attended meetings.

Adjourn until May 1, 2025
