The minutes from the September 4, 2025 meeting were approved.

We reviewed the sections on Public Facilities and Marine Resources and with a few adjustments they will be sent to Matt Williams. The remaining sections should be sent to Matt ASAP so he can do the formatting and add charts and graphs. The next scheduled meeting will be on Thursday, November 6th at 6:00. Matt will be present and the goal for that night will be to determine the Key Findings/Recommendations for all the sections.

The final Comprehensive Plan is scheduled to be sent to the State immediately following the holidays.
